MEDICAL

If you are not at school and are in an emergency you can call 911 for ambulance, fire department or police department from any telephone or call the school's emergency number +1 716-679-8998.

Make sure that the doctor you are visiting accepts your insurance. If the doctor has any questions about your insurance protection, ask him or her to call the insurance company directly.

We do not recommend going to the emergency room unless it is a major emergency. Emergency Room visits are extremely expensive in the United States.
