I have quit my French job for 3 months to meet up my wife who is working in London. I decided to choose EC after a free trial. I'm here because I need to be better in English and also more confident to find a job in London. EC it is the perfect way to succeed my aim ~~while~~ as well as meeting new friends from all over the world. It's a real pleasure to go to school in the morning, teachers and staff take care of you and there is always an activity to carry on your improvement with students.
